

DVSE is a market leader in application development domain for the automotive market. With 20 years' experience, the company offers complete services: we analyze, design, develop software, process and convert technical data, create interfaces to third party programs and much more. DVSE is a multinational company structured in six subsidiaries in four countries: Germany, Austria, Romania and Netherlands.

Since 2008, DVSE RO is a team with software specialists and project managers, which bring a significant contribution in developing and perfecting the services we provide. And together with our partners we offer high quality services to our customers.

" Ideas, partnership and employees – that is the secret to our success!"

(Udo Knabe-Paulsen, Managing Director DVSE)
